

SUPREME
PRODUCTS

your perfect solution!

ARCO® has created a special range of products based on the market knowledge we have gained over the last 50 years. These products comprise formulations with high quality **branded ingredients**, which support you with evidence from scientific facts. By using the brand name of the ingredients and the positive EFSA statements on your product, it provides you a clear benefit on the business market.

ARCO® assists you by presenting **high quality product formulation** as a final product solution, ready to market!

The following formulation has been chosen cause of the **high scientific** evidence of the ingredients and the **worldwide recognition of FloraGLO® Lutein** as a **quality ingredient** that will maintain its stability in **softgel capsules**.

VISION CAPSULES

Compound	Per 2 capsules (recommended daily dosage)	RDA*

your perfect solution!

VISION CAPSULES

LUTEIN // ZEAXANTHIN // OMEGA 3 DHA

 **ARCO®**
ENCAPSULATED CARE

FloraGLO®
LUTEIN 

INFORMATION

There is increasing recognition that the optical and antioxidant properties of the xanthophyll carotenoids **Lutein** and **Zeaxanthin** play an important role in maintaining the **health** and **function** of the human **macula**. Additionally certain ingredients as **DHA** enriched Omega 3 and **Vitamin A**, **Vitamin B2** and **Zinc** contribute to the **normal eyesight** as well.

Furthermore it is stated that purified lutein, such as **FloraGLO® Lutein**, is more bioavailable than lutein from lutein rich foods with potential for **AMD risk reduction**.

FloraGLO® is a **patented** oily lutein suspension being **the most clinically researched lutein brand in the world**.

EFSA STATEMENTS

Vitamin A, Vitamin B2, Zinc and **DHA** contributes to the maintenance of normal vision (ID16, 39, 361, 627).

Vitamin E, B2, C, Copper, Selenium and **Zinc** contributes to the protection of the cell constituents from oxidative damage (ID 162, 207, 129, 263, 277, 294).

Vitamin C can contribute to the reduction of tiredness and fatigue (ID 139).

Zinc contributes to normal metabolism of Vitamin A (ID 361).

BENEFITS

The Combination of DHA enriched Omega 3, Vitamin A, B2, Copper, Selenium, Zeaxanthin, Zinc and FloraGLO® Lutein support you with clear market benefits

- attractive appearance
- high compliance
- branded ingredient
- EFSA Statements
